CLARK SIGNS SCOTTSDALE TEC
PUTTER AGREEMENT

Four-time PGA Tour winner and 2023 U.S. Open Champion Wyndham Clark has signed an agreement to exclusively play a Scottsdale TEC putter, PING CEO & President John K. Solheim announced today.

"Wyndham comes into the U.S. Open this week as one of the hottest players in the world," said Solheim. "He's been using the Scottsdale TEC Ally Blue Onset model since the Houston Open and has steadily climbed in the world rankings. We're excited he's having such tremendous success."

In winning the CJ Cup Byron Nelson last month at 30-under, Clark set the Strokes Gained: Putting

record for a PGA Tour event, gaining more than 12.5 shots on the field for the week with his PING Scottsdale TEC Ally Blue Onset putter. In his final-round 60, he holed 158 feet of putts.

"The white finish first got my attention and when I started rolling putts with it, it set up easily, and gave me immediate confidence," Clark said. "I'd never used a putter with onset before, so it was a new look for me that really matches my eye. The onset combined with the top-rail dot simplifies alignment and my consistency has improved. I'm sinking more long putts than ever."

"Since switching to the PING Scottsdale TEC Ally Blue Onset putter in April, I've seen significant improvement in my putting and I credit the new putter for helping me get back in the winner's circle."
